

INSTRUCTIONS FOR USING OF Jam board

Google Jamboard is a virtual whiteboard that can be accessed via a desktop browser or a mobile app. Jamboards are collaborative, shareable, and stored through your Champlain Google account. Individual Jamboards and Jamboard sessions are called “Jams”.

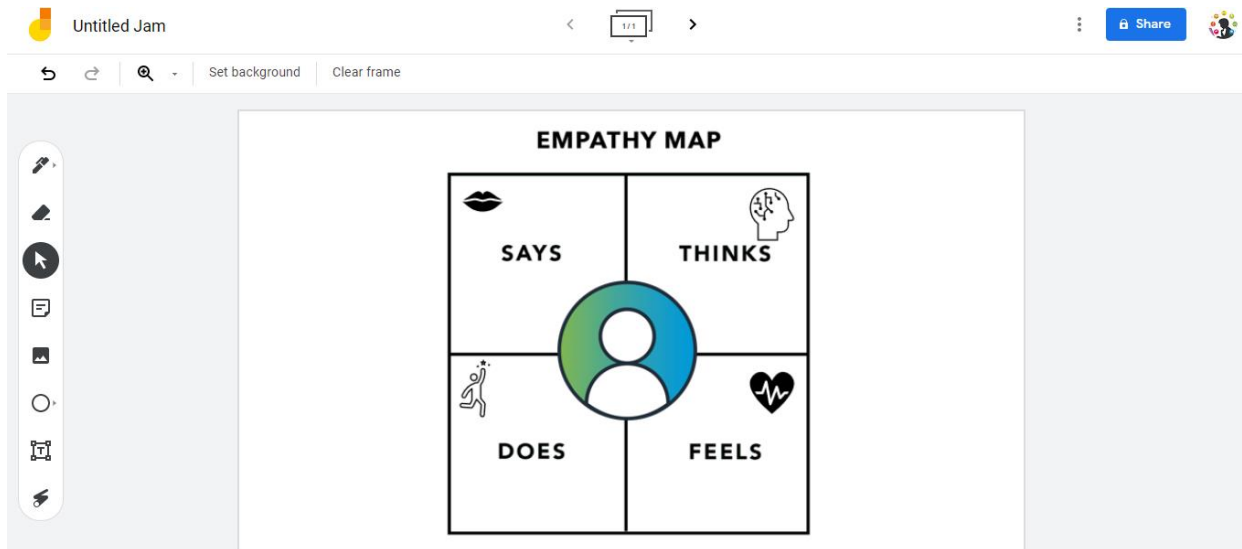

- **How to use the “jam board”?**
- ✓ First, open a document through Google Drive:

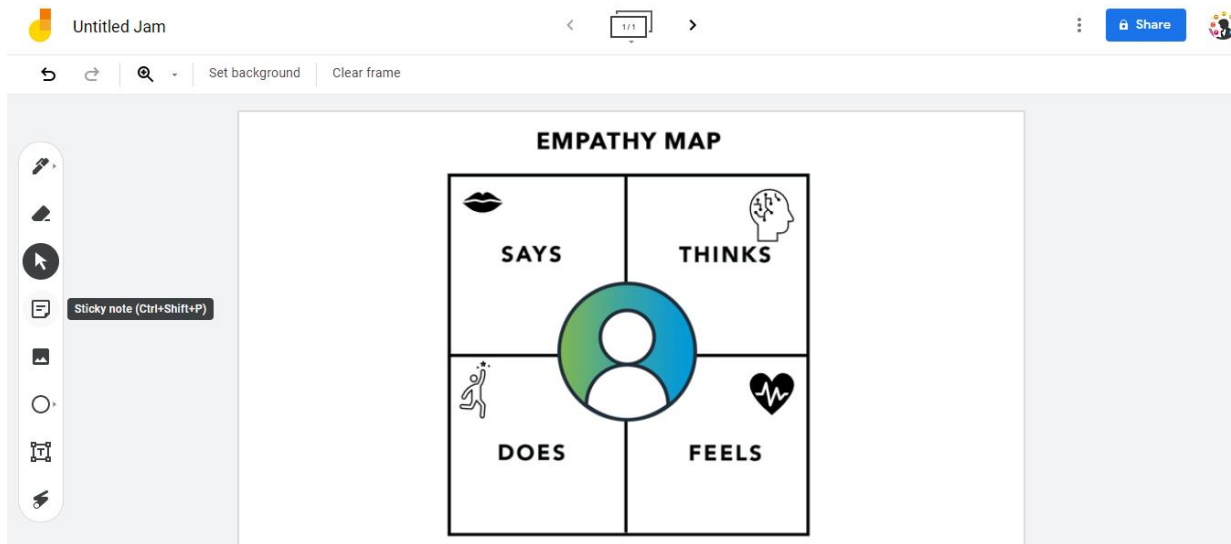

- ✓ Click on the “Add image” as presented below and embed the imagine called “empathy map”.

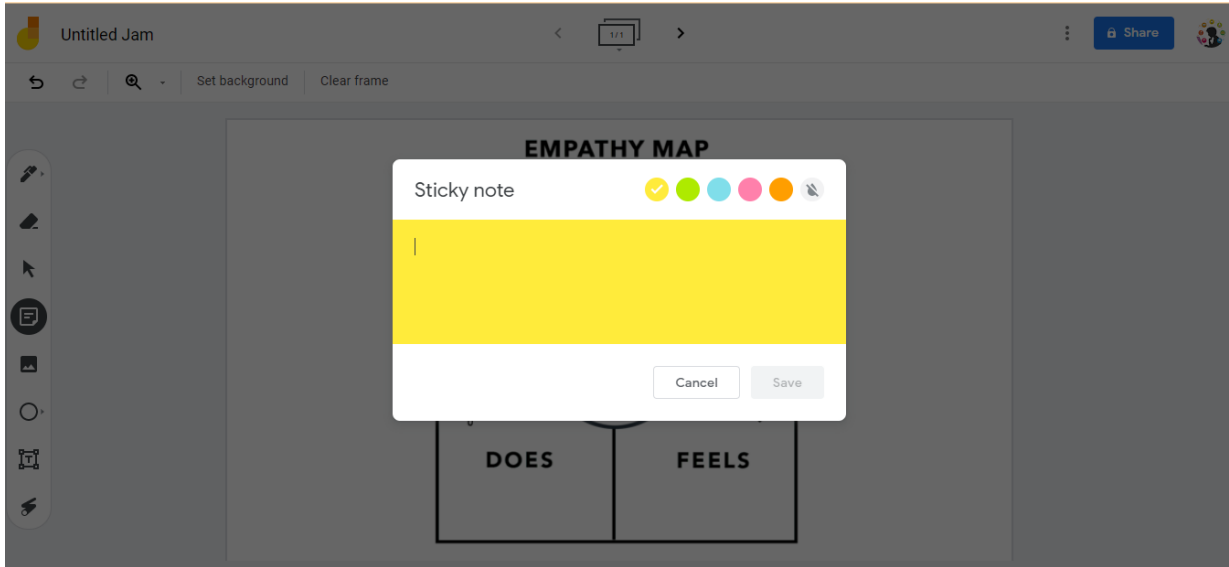

- ✓ You will see the following on the screen:

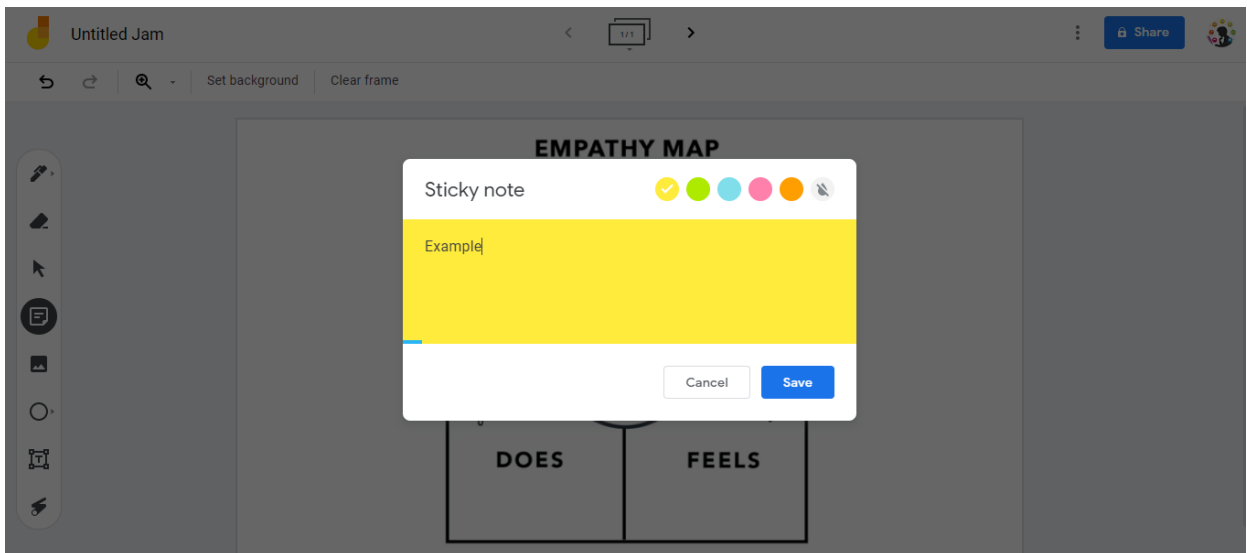

✓ To write down comments, or put stickers, you need to do this:

✓ Once you click on the button, a window will appear as below on the image. You can choose a color freely (recommended that the color is different than the set question sticker).

✓ In the window, put text/comment/opinion.

✓ Once you put text in the window, the text will appear on the platform.
